#### **ACTIVITIES CONDUCTED IN SEPTEMBER 2014**

It was a moment of pride and joy as ISD commemorated the success of the positioning of Mars Orbital Mission (MOM) in the orbit around the red planet, breaking into an elite club of three nations. In the senior school, the students of Classes VI to VIII took part in the celebration displaying banners and pictures of the mission followed by the felicitation speech by the Principal, Dr. Sridevi P. Thashnath who congratulated the scientists of Indian Space Research Organization for this giant leap in to the unknown outer space. She further urged the students of ISD to dedicate their prayers and wishes to the scientists of ISRO for making history by becoming the first nation to successfully reach Mars on its maiden attempt. The Principal, Staff and students congratulated the scientists of ISRO for having achieved this remarkable feat. A congratulatory note containing the signature of the President, members of SMC, Principal, Staff and Students was sent to ISRO for the success of their maiden venture.
