ACTIVITIES CONDUCTED IN THE MONTH OF SEPTEMBER 2014

ISD celebrates the Success of MOM-In order to develop a scientific temperament in children, an assembly was conducted for the students of class V on the successful completion of India's Mars Orbiter Mission (MOM). The young ones were given an opportunity to listen to the inspirational speech by our Prime Minister Narendra Modi and a video was shown on the various stages in the making of MOM. Principal Dr. Sridevi P. Thashnath highlighted the important features of MOM and created a scientific awareness that boosted the morale of the students as well as the teachers. A congratulatory note containing the signature of the President, members of SMC, Principal, Staff and Students was sent to ISRO for the success of their maiden venture.
