Dr. Sridevi P. Thashnath
Principal

Cc: VP (Primary), VP (Operations & ICT), Coordinators, Supervisor, Office Copy

ACCOLADES!

School Monitored Transport System: Indian School Darsait achieved another milestone with the introduction of the School Monitored Transport System with safety features like IVMS, seat belts, emergency doors -first of its kind to be implemented in Indian Schools in the Sultanate of Oman. 12 buses carrying the name of Indian School Darsait are now plying across the length and breadth of the capital area with utmost responsibility, collecting and dropping off as many 621 students at their door step. The school approved and monitored transport system is an unprecedented initiative taken by the SMC under the guidance of the BOD Chairman Mr. Wilson George, President of SMC, Mr. Abdul Rahim Kassim and the Head of the Transport Committee and member SMC, Mr. Harish Sidhartha. The primary objective of this system is the safety and comfort of the children. It is operated fully under the guidelines given by Muscat Municipality and R.O.P.

The new transport system will hopefully reduce the traffic congestion and streamline free flow of vehicles in Darsait area. In the coming days the system will operate more efficiently for a better satisfaction of more number of students and their parents.

Parents who wish to avail of this facility for their wards could fill in the forms available at the school reception and return to the school office at the earliest.
