

**CIRCULAR**  
**(Class KG I to XII)**

Dear Parents,

As we complete yet another academic year, the Management and Staff are grateful to each and every one of you for your whole hearted support and cooperation in all the activities of the school especially for our school monitored transport system.

*Further, as you are aware that the school approved private transport system implemented in August 2015 and is currently running with 14 buses and 492 children for the last eight months in the different sectors. This was an initiative to ensure the safety of our children and also in the context of the prevailing situation about the traffic issues in the Darsait area and the pressure being exerted by the Royal Oman Police, Muscat Municipality and the Ministry of Education to implement a bus-system and reduce the number of cars coming to drop-off and pick-up children. In the ongoing discussions with the government officials, it has been hinted that cars could be restricted from transporting children. Therefore, it would be a mandatory requirement to use the School Approved Buses for the safety of the children, in due course of time. The new measures have been undertaken due to the stringent law being introduced by ROP and other competent authorities for the safety of the children.*

***Ms Sahban United LLC (CR.No:1048016, P.B. No: 119, P.C: 117, Al Wadi Al Kabir, Sultanate of Oman) has been awarded as the School approved Transport system through the tender process by the school management committee.***

***Ms Sahban United LLC has 25 years of experience in the field of transportation and has 73 vehicles in their fleet. They are doing similar transport services for the different schools in the Muscat capital area. All the buses are equipped with the safety measures as decided by the transport governing body of the school. All the buses will have bus helpers/assistants to help the driver in picking and dropping the children as well as to ensure the safety of children. The system will ensure the safety of the children with features like GPRS, IVMS, seat belts etc. The number of children in the buses will be strictly limited to the seating capacity and as per ROP and Ministry of Education guidelines. The School Approved and Monitored Private Transport System will be continuously monitored by the governing body to ensure that the terms of safety and security features required as per the Ministry of Education and ROP guidelines are adhered to.***

***The bus fare for the year 2016-17 has been calculated based on distance and is listed overleaf for your reference. The payment will be with effective from April 2016 and will be collected monthly for 12 months in the consecutive years.***

*You are requested to fill in the attached form which has to be submitted to the respective class teacher or at the school office on or before **Tuesday, 15<sup>th</sup> March 2016.***

***The final decision on the service in the respective route/sector will depend on the minimum number of students in the area opted for the school approved private transport system and will be intimated to parents on or before 28<sup>th</sup> March 2016. Accordingly the bus operator will further contact you to fix the time and finalize the routes in the desired location.***

Thanks & Regards,

Dr. Sridevi P. Thashnath  
Principal

(P.T.O)
