

CIRCULAR
(Grade III to V)

THE INTERNATIONAL MATHEMATICS & SCIENCE OLYMPIAD

Dear Parent,

Greetings of the Day!

We are pleased to introduce 'The International Mathematics Olympiad (IMO) and International Science Olympiad (ISO)' which is the largest and most popular assessment in the NCERT National core curriculum of the syllabus content. The students will be able to exhibit their potential strengths, weaknesses and will improve their understanding of concepts, highlighting skills in the Mathematics & Science curriculum. The Olympiad enhances the development aspects of critical thinking, reasoning and helps in developing problem solving skills. It has been recommended by all the boards as part of the CCE programme for an inferential mode of assessment. Some of the salient features of IMO & ISO are Certificate of Participation for the students who scored below 50 % and Class toppers in each subject in each school are awarded trophies of 1st & 2nd rank along with merit certificates.

The Entry fee is R.O.4/- for each Olympiad. It will be held on **Tuesday, 8th November 2016 for Science** and **Tuesday, 6th December 2016 for Mathematics** in our school. **It is not mandatory for the students to participate in this Olympiad.** Students who are interested to participate, may kindly fill in the consent form and hand it over to the respective Class Teacher with the entry fee amount **on or before 25th May 2016.**

Thanks & Regards,

Dr. Sridevi P.Thashnath
Principal
