ENGLISH

Class: III Sec:
Date: 30.05.17
Name:

Max.Marks:20
Time:1 hr
Roll No:.....

SECTION A- READING COMPREHENSION

Q.I. Read the given passage and answer the following

Banana trees give us delicious fruit .The fruit can also be dried and eaten like chips. Bananas can be made into jam, toffee, juice and milkshake too. Animals such as monkeys enjoy bananas and cows and birds eat them too. Banana fibre can be made into carpets, bags, ropes and even paper. The leaves of banana are useful too. In many countries, food is first wrapped in a banana leaf and then cooked. This gives it a lovely flavour. People also use banana leaves like plates- food is served on them. Bananas also have medicinal value. They contain vitamins and minerals and keep us healthy. A banana for breakfast can keep you more alert. Rubbing a slice of banana over a mosquito bite makes it itch less.

Bananas are tasty fruits. They are green when unripe and turn yellow as they ripen. The sweet soft bananas that are used for desserts are called dessert bananas.

a) **Write true or false** 2 X ½ = 1
