Celebrating 25 years of success in moulding the next generation

ISD/SMC/CIR/2017

16/10/2017

CIRCULAR (Classes KG I to XII)

Dear Parent,

Greetings of the Day!

A Parents' Open Forum was held on Saturday, 16 September 2017 from 7.30 pm to 9.30 pm at the Senior School auditorium. The Chairman, BoD, Mr. Wilson V George, addressed the parents and thanked them for the constructive open forum.

Following are the suggestions given, concerns raised and their replies:

Sl No	Parents Suggestion/Concerns	Actions to be taken/Explanations from the school.
1	At Present parents are not allowed to communicate to teachers through WhatsApp group, hence it is one side communication.	Parents can communicate to the school through mails or express their difficulties by meeting the teachers during PT meeting or can take special appointment with the school if the matter is very serious in nature. There are practical difficulties to answer all the queries of the parents by the respective class teacher. This media connects parents for general information/update.
2	Quality issue with PE uniform	The school has been taking care in providing standard quality of PE uniform through school. Low quality of PE uniform received in one of the bundles, caused inconvenience to school as well as parents. The matter has been addressed and a temporary arrangement has been made through one for the school uniform sales outlets 'Lakhoos'.
3	Non-availability of online payment system	The school has already initiated the process to implement this system and will be rolled out shortly and the same will be communicated to all parents.
4	High Transport fees especially compare with the school fees.	The fee charged currently is the bare minimum in line with the 5 safety features provided and limit the capacity of the children against the seats approved by the law of land. There should be no compromise on child safety.
5	Heavy School bag leads to health issues and suggestion for lockers.	The matter is already under the consideration of the school and the best possibilities to reduce the load of the students will be considered.
6	Clarification sought for Food Fest.	The objective is to give a social platform to the privileged students of ISD and to show case their talents and contributions to the parent community and to strengthen inclusive cell as well.

P.T.O

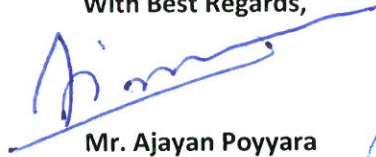

7	Suggested for a newsletter with matters and activities of all Indian school.	The matter would be considered by BOD as it connects all schools.
8	Investment made for the infrastructural development of the primary school in spite functioning on rented building.	The school has been functioning for last 25 years and it is the responsibility of the parent community & school to provide facilities. Children are happy and that is the most important thing.
9	Lack of time to meet all teachers concerned during the PT meeting	The matter is well taken, suitable as well as practical solution will be identified to reduce this concern in best possible ways.
10	Enquiry on fee concession application	The process was going on during the open forum time. At present all applicants attended the interactions .
11	Counselling session should have specific focus on how to face failures	The suggestion has been well taken and will include this concept in school counselling sessions.

We appreciate your continued co-operation for the betterment of the school and urge you to stand with us to make our vision a reality in making ISD "the most preferred Indian Community School in Capital".

Thanking you,

With Best Regards,

Mr. Ajayan Poyyara
President, SMC
